

Your business is what you love to do. Whether it is a new venture or you have been in business for many years, simplifying payments for your customers is key for your success.

**FIS can help.**

FIS knows your business and understands the challenges you face. We deliver a full suite of solutions that help you create holistic experiences for your customers, while driving down the cost of payments and reducing the threat of fraud.

**Payment processing**

Secure payment processing supported by a wide range of point-of-sale equipment options.

**Gift card and loyalty programs**

Bring customers back again and again with a robust offering of merchant-branded gift card and loyalty programs.

**Mobile payment acceptance**

Accept payments anywhere, any time, simply from a smartphone or tablet.

**Online payment solutions**

Bring your business online with an E-commerce gateway for secure card-not-present (CNP) purchases.

**Check processing and decisioning**

Warranty checks at the point of sale with fast approval or decline recommendations based on customer risk.

**Compliance and data protection**

End-to-end customer data protection to include advanced encryption and tokenization methods coupled with PCI compliance services, data breach protection, risk management, and more.

**FIS Merchant Solutions**

FIS Merchant Solutions

More value, lower costs.

## Why FIS Merchant Solutions?

**Increased revenue. Reduced risk.  
Maximum support.**

Whether it's by credit or debit cards, online, mobile, gift cards or even checks, today's consumer wants to pay their way.

We know that accepting multiple payment types across a variety of channels is essential to keeping your business competitive, and your customers satisfied and loyal.

FIS™ has the expertise to help you navigate the maze of new payment products, regulatory concerns, compliance issues and fraud risks. We are committed to providing you the lowest possible cost, highest value solutions for your business.

**100K**  
Merchants

### Market Leader

FIS is a global technology leader with more than 55,000 employees serving over 100,000 merchants.

### Comprehensive payment processing

We support solutions that accommodate merchants of every size, every need. Whether customers visit you in-store, online, or out in the field - FIS is expertly prepared to make your transactions seamless.

- Full range of payment processing, including: credit, debit, EBT, check, and gifts.
- Variety of point-of-sale options, including: countertop, wireless, mobile, EMV® chip card, contactless/near-field communication (NFC) technology, and more - all from top manufacturers
- Competitive hardware purchase prices and affordable rent-to-own options
- E-commerce gateway option so you can bring your business online for secure, card-not-present (CNP) purchases

### 24/7 technical support

We work directly with you to ensure smooth and efficient account operation; and our dedicated technical support teams provide terminal programming and in-depth training.

### Improved cash flow

Receive direct payments within 24 to 72 hours.

### Superior reporting

The Merchant Intelligence Center (MIC) is our secure, online tool available to merchants 24/7. This invaluable information hub provides instant access to:

- Consolidated, easy-to-read merchant statements
- Next-day reporting on transaction analysis, deposit history and batch history
- Tax reporting information and 1099-K archive

**27B**  
transactions

### Processing Leader

FIS processes over 27B credit, debit, prepaid, gift and loyalty cards annually, moving over \$9T globally.

### Security and compliance

- Data breach protection
- PCI program support with online management and reporting tools
- Card association updates and system enhancements
- End-to-end encryption and tokenization

### Consultative support

- Guidance on regulatory and compliance responsibilities
- Product technology specialists support migration to EMV, NFC or mobile
- Team of experts that consult on various payment technologies and design a solution specific to your business needs
- Point-of-sale deployment, repair and supply orders
